May the Hinges of Friendship Never Rust

The Edit

Fresh Beginnings

Every year like the changing of seasons, our Association experiences a beautiful transition. Leadership passes from one set of hands to another, not as an ending but as a fresh beginning. It's a relay race of vision, passion and purpose where yesterday's achievements become today's foundation and tomorrow's inspiration.

When a new team steps in it inherits more than an office; it inherits a dream of fostering stronger friendships, deeper fellowship, impactful projects and creating unforgettable experiences. The question then is: What should this new team look ahead to achieve? The answer simply lies in "Aim for progress, not just maintenance".

Aims & Objectives

- To actively enhance the bonds of Friendship established in Round Table
- To Strengthen the ties with Round Table by contributing to their initiatives and projects
- To extend the scope of Young Ambassador Program (YAP)
- To promote International Fellowship and Friendship
- To actively participate in creating a better India

Every outgoing team leaves behind a trail of milestones... projects completed, fellowships strengthened, members connected. The role of the new team will be to honor that legacy while daring to dream bigger, in the quest of leaving a unique stamp on the journey of 41.

Leadership is not about duties; it's about experiences. Travel, meet new people, represent your area or association at national and international platforms. These moments will not only enrich you but will inspire your team members to stay engaged and excited.

Be the spark that lights up your team. Celebrate small wins, encourage ideas, and remember energy is contagious. If you stay motivated, your team will mirror that enthusiasm. ■

Have a wonderful year.

“ Being a leader is like owning a gym membership... great in theory, tough in practice, but worth the results! ”

PRESIDENT'S

MESSAGE

Of Moments, Milestones, and Memories

My dear fellow 41ers,

As I pen this message, my heart overflows with gratitude and pride. The past months have been a dazzling kaleidoscope of action, emotion, transformation, and above all unbreakable fellowship. Each corner of our vibrant Association has echoed with the laughter of friendships, the quiet resolve of service, and the thunder of passionate leadership. Let's begin with a heartfelt applause for the Young Ambassador Programme (YAPS). What a resounding success, both inbound and outbound! From sending our bright young minds to explore cultures across Europe and South Africa to

welcoming spirited ambassadors into our Indian homes. The exchange wasn't just geographical, it was emotional and cultural. These bonds of understanding, nurtured by warmth and hospitality, are what truly make us a global movement of friendship.

Speaking of bonds, how can we not

PRESIDENT

reflect on the soul-stirring moments at FAMIT and NEX at Chikmagalur? Against the backdrop of coffee-scented hills and starry skies, we had discussions that mattered, roadmaps that inspired, and fellowships that deepened. It wasn't just an event, it was a soulful retreat, where ideas were planted, laughter bloomed, and new friendships brewed stronger than the filter coffee! As is tradition, the months of June and July saw a wave of leadership transitions. At club after club, amidst proud salutes and raised toasts,

one team gracefully handed over the baton to another. This yearly ritual at AGMs is more than protocol, it is the very rhythm of our Association. New dreams have been charted, fresh goals set and as always, the hinge of friendship remains rust-free and ever-shining. A powerful symbol of our service spirit has been the Mother & Child Project, radiating compassion and care which we have undertaken in India Nepal border in two government hospitals & two more are lined up.

From wellness camps to medical checkups, from nutrition drives to emotional support, this project reaffirms our belief that strong mothers build strong nations.

It is one of our proudest undertakings and I thank each one of you who contributed to making it impactful.

Our flagship Freedom Through Digital Education (FTDE) project continues to break barriers geographical, social, and digital. New clubs have adopted schools, tech has reached remote classrooms, and learning has found new wings. Every time a digital screen lights up in a rural school, it's a beacon of hope, powered by your generosity and vision.

We also saw the extension of new

clubs bringing in fresh energy, younger members, and a renewed zeal for 41. Our circle is growing, and with every new addition, our collective purpose grows stronger. Club-level outstation fellowships continue to surprise and delight. Whether it's a weekend in the wild or a seaside reunion, our members know how to celebrate life, responsibly and joyously. These fellowships are memory-makers.

And now, all eyes turn to Chalo Ambarsar, our grand National AGM. The

sacred land of the Golden Temple awaits us with open arms. It promises to be a celebration of our unity, our diversity, our shared legacy, and our boundless dreams. Let's make it historic. Let's make it a turning point in our journey, where we forge even stronger bonds, ignite new passions, and chart a brighter future for 41 India. As we march forward, let's remember that every small step we take, every smile we share, and every hand we hold, has the power to create ripples of change. Together, we can move mountains. Together, we will shine brighter. So here's to another glorious chapter of 41 India where service meets celebration, and where every member is a heartbeat in our ever-growing family.

**Yours in friendship,
41er Pankuj Vats President,
Association of 41 Clubs of India**

Secy's ping

Dear Friends,

Serving as the National Secretary of 41 India this year has been both challenging and deeply fulfilling. One of the most crucial responsibilities entrusted to me has been the collection of annual fees and ensuring the timely submission of Form A and B from all 10 Areas and their respective clubs across India. This has been no small task – requiring constant coordination, reminders, and follow-ups.

I'm pleased to share that 7 Areas are now fully compliant, and the remaining 3 are expected to complete the formalities in the coming days. This collective success

is a result of team work, cooperation and dedication of our Area Chairmen and Club leaders.

As we now approach the AGM in Amritsar from 12th to 14th September, the next 45 days will be extremely busy, involving multiple Zoom meetings with board members and the preparation of our annual AGM reports.

I take this opportunity to thank all my fellow National Board members and the entire 41 India fraternity for their unwavering support throughout my tenure. I sincerely hope I have fulfilled my responsibilities to your expectations and contributed meaningfully to the team's success.

**Yours in Friendship,
41er Vivek Mata
National Secretary,
41 INDIA**

By Shivakumar, Convener,

NEX & FAMIT

Some memories last a lifetime, they linger in our hearts long after the last laugh has faded. That's exactly how I feel about FAMIT-25. Even now I find myself smiling at the memories like those sunsets we watched together over the hills of Chikmagalur.

Our journey began at Bowring Institute, a beautiful place that quickly filled with laughter, stories, and the kind of conversations that make you lose track of time. That evening set the mood for what was to come, a weekend full of nostalgia, friendship and pure happiness. From there, we headed to Trivik Resort-Chickmagalur, where the real magic began.

With its misty hilltops and endless green valleys, Trivik felt like a dream come true. The cool, soothing weather, the gorgeous views, delicious food, flowing drinks, and continuous laughter...it was all picture-perfect. Whether we were lounging by the pool, belting out songs at karaoke night, dancing the night away at

the DJ party or trekking up Mullayanagiri with the Tangents, every moment felt special and full of life.

The National Executive Meet (NEX) combined with FAMIT was an unforgettable blend of fellowship, strategy, and scenic charm. National Board Members and 41ers from across India gathered to review and report the activities of the past three months sharing success stories and learning from each other. Intense discussions and brainstorming sessions paved the way for creating impactful roadmaps for upcoming projects and events. While the agenda focused on planning the future, the warmth of camaraderie, the beauty of the hills, and the flavors of local culture added a magical touch. Indeed the NEX was a celebration of purpose and friendship.

But what truly made FAMIT-25 & NEX unforgettable wasn't just the stunning views or the luxuries, it was each and every one of you. The messages you shared afterwards weren't just about gratitude for the event; they were full of genuine warmth, joy, and appreciation. So many said it felt like a homecoming, and honestly, there's no better compliment.

I want to pause and give a special thank you to the

wonderful people who made all this possible:

- **Bharateesha aka Buj Buj Pandey:** Your energy brightened every moment, and you brought us all together with your warmth and spirit.
- **Vivek Mata:** I'm always amazed at how you handle a million things at once and still keep everything running so smoothly and with a smile!
- **Kutub:** The calm, reliable anchor behind the scenes, thank you for taking care of all the details, handling travel, logistics and being the steady support we all count on.
- **Aleem:** Your attention to detail, your quiet way of taking care of things, and always going the extra mile you made such a difference.

Each of you brought your own special magic to FAMIT-25 and I'm so grateful to have had you as part of this journey.

To everyone who joined us, thank you. Your presence and warmth are what made everything come alive. Hearing many of you say this was the best FAMIT ever means the world to me—and it's a memory I'll cherish forever.

Thinking back, I'm reminded of something we often say: "We are Humsafars this year, walking towards new horizons." Let's keep that spirit going. Let's continue to show up for each other, to celebrate our bond and to make time

for more moments like these. Great memories don't just happen they are built together with love and intention. Here's to more adventures, more reunions, and more laughter! FAMIT-25 may be over, but the friendships we celebrated will live on and get even stronger. ■

KAL AAJ AUR KAL

THE 41 MOVEMENT – KAL AAJ AUR KAL

The 41 movement started with focus on Fellowship. Its origin can be traced to Round Table Liverpool in 1936 which had a large number of honorary members and the need was felt to have something of their own to keep alive the friendship acquired in Round Table. The 41 movement came to India in 1972 with the formation of the Madras 41 Club. The Association came into existence in 1980. Legendary Indu Chandhoke was the first President.

I became a 41er in 1994. Round Table had become a way of life. So, when the date of our retiring drew near the thought repeatedly came to mind - “After Round Table What?” We were lucky that our seniors in Tabling like Viji Iyengar, Ashok Dasgupta and Alban Scolt had briefed us about “41 Club” and we knew

that becoming a 41er was a logical and automatic choice.

My club members are grateful to our founder Association President the Late Indu Chandhoke ji

for announcing our formation. After a few months our club had an impromptu charter ceremony by interrupting the meeting of the Area AGM of Round Table Area 4 on 19th September 1994 at Puri.

The 41 movement initially was pretty laidback and we at Bhubaneswar were no exception. For two decades we met among ourselves, our socials were very innovative, and enjoyable. We supported the flagship project YAPS and took care of the Yappers when they visited our city.

The NAGM at Bhubaneswar in 2013 was an eye opener. It was reminiscent of Round Table days. I started taking interest in 41 activities, Along with my wife Jyoti we became regulars at National AGMs of 41 Clubs and revived old friendships.

Having served on the 41 National Board many times, including President in 2022-23, I have seen the rapid growth of our organization.

Membership is increasing along with activities, purpose and enjoyment. The spirit of service is inborn in 41ers, which they have inherited as Round Tablers and have displayed the same from time to time during calamities such as floods and earthquakes.

YAPS continues to be the flagship project and has continued support of 41ers.

The introduction of “SYJ” (SHARE YOUR JOY) concept by President Rajeev Mehra in 2018-19, which supported community service projects with a modest matching grant from the National Board, has rekindled the spirit of service in 41ers.

In 2019-20, when C Sivaramakrishna (Babji) was the President the country came to a standstill because of the Corona Virus pandemic. Our members rose to the occasion in providing

yeoman's service. Organizations like Jana Bank and Timken chose our organization for undertaking relief work. A new project FTDe 'FREEDOM THROUGH DIGITAL EDUCATION', an idea curated by veteran 41er Paresh Chaudhry was adopted as the long term project. In the same year there was creation of an entity 41 INDIA besides the existing ASSOCIATION OF 41 CLUBS of INDIA. This eventually cleared the decks for access to donations and CSR funds. I was the National Secretary that year.

The pandemic continued for a major part of 2020-21. President R P Venkatesh kept up the service tempo. Project 'ONE MORE BREATH' was established to increase hospital capacity during the second wave of covid. Within a short span about Rs. 25 crores was mobilized from benevolent donors. A vendor "MOINI FOUNDATION" was chosen for the FTDe projects.

Schools being closed, implementation of FTDe projects was delayed, but saw the light of the day during the tenure of Pankaj Singh as President in 2021-

22. Projects started getting executed. I felt honoured to have been able to arrange a sponsor for the first installation at Ghusuri, Howrah which was inaugurated by President Pankaj.

In 2022-23 with me as President we could give the FTDe projects a much needed kick start. It was taken to the next level with 45 installations impacting many children. There were no exemptions available and neither was 41 Club money used. I am grateful to my friend Padma Lochan Mohanty for supporting us as a major sponsor. 100 members came forward to acquire 41 STAR MEDALLIONS, the funds were used for FTDe. Right at the end of the 41 year 80 G exemption was received.

In 2023-24, President Srini, along with a dedicated convenor Anurag Mehra and an outstanding Area Chairman Kiran Hebsur was able to take

FTDe to great heights with more than 250 projects, impacting more than 60000 students.

The focus on FTDe continues in 2024-25. We must see that it spreads across the country and our movement is identified through this wonderful project. President Pankuj Vats has zeroed in on other projects as well.

Our MTMs in the Areas are getting better and better. However we must ensure that attendance from the respective Areas is stepped up,

Nowadays, the National AGMs of 41

are events to be looked forward to in terms of 41 business and fellowship. I will always cherish that I took over as President on the high seas, on a cruise ship CORDELIA.

Even the FAMIT programmes are becoming thoroughly enjoyable. In recent memory Atthirapally

and Chikamagalur stand out.

Extension of the Association is very important. Membership is nearing the 4000 mark. The number of clubs in the country has crossed 300. The good work must continue so that our tribe grows. Many Tablers remain attached to Round Table even after retiring. It is heartening to note that many young retirees from Round Table are now coming forward with enthusiasm to become 41ers. Efforts must be made to attract all retirees to join 41 Clubs. We have to bear in mind that when the 41 movement started in India the members were 40 plus in age or a little more. Now the age band is 41 to maybe 90 years. In order to meet this generation gap we must have interesting programmes and activities catering to all ages.

Our in house digital bulletin 'Selfie' continues to serve as a mirror of our activities. Successive Editors have raised the bar and have worked hard to give us a magazine which has improved in quality and content year after year and is very

interesting and informative.

SupplyHouse needs revamping, streamlining and attention.

TANGENT INDIA is going great guns and growing rapidly. My wife Jyoti has served as Tangent President. Jayashree Chaudhry has done us all proud by serving a term as President Tangent International.

On the International front 41 India continues to create an impact and grow

in stature. We have had four International Presidents. Currently, President Dr. Siddharthan is from India. There have been three International Secretaries in the past. As 41 India President and as IPP, my wife and I have had the opportunity to attend some 41 International AGMS and HYMS, visited some countries in Europe and Morocco in Africa and were overwhelmed by the love and affection showered on us by our hosts and the 41ers we met.

The next HYM of 41 International will be held at Kochi from 16th to 19th October 2025. It will be a rewarding opportunity for our members to register in large numbers and attend this grand event, an experience they will cherish.

Along with Jyoti, I have travelled the length and breadth of the country as well outside. The 41 movement is evolving fast into a very vibrant organization and has started making its presence felt in the country as well as creating waves internationally. The future is very bright. The inherent strength of 41ers is tremendous and unbelievable. Members are coming forward to take up responsibility in the National Board, which is a very healthy sign.

At the same time we must not forget our Round Table roots and continue to serve and assist them in every possible way.

We are looking at exciting days ahead with 41er Pompy from my home town gearing up to take over as President.

Thank you Editor Yogesh Sheth for requesting me for my thoughts.

Not only are we FRIENDS FOR LIFE, but we live every day to march TOWARDS NEW HORIZONS.

of 41 Clubs of India.**

Project MOTHER & CHILD

In the heart of rural India, where dusty roads lead to villages filled with dreams and resilience, access to quality healthcare has long been a distant hope. For countless mothers and newborns, the absence of medical facilities has often turned moments of joy into tragedies. But change is here.

Through a magnanimous initiative under its Mother and Child Project the Association of 41 Clubs of India, modern medical equipment has been provided to CHC Nighasan and PHC Tikunia, transforming these humble centers into lifelines for maternal and child health. Delivery beds, baby warmers, oxygen concentrators, and monitoring devices are no longer luxuries—they are now within reach of those who need them most.

This effort will ensure safer deliveries, better neonatal care, and reduced maternal and infant mortality in regions where every saved life is a victory for the future. This is not just about machines; it's about hope. It's about a mother holding her healthy child, families daring to dream again, and villages witnessing a new dawn.

The Association of 41 Clubs of India has once again demonstrated that service knows no boundaries. When rural India thrives, the nation prospers—and initiatives like these are building a healthier, stronger, and more inclusive tomorrow.

JYOTI AI PROJECT BY TANGENT INDIA

Tangent India, an infant small organization, leaped to great heights under the leadership of Tangent Smita Chopra. The most impactful social project done anywhere in the world happened this year. Tangent India donated Jyoti AI glasses for the visually challenged to help them live a normal life, and read a normal human being's script in 120 languages. The original cost of these spectacles was Rs 25,600, which

Tangent India got at a negotiated price of 14000. Tangent India gave its members a matching grant of Rs 7000, if they raised another Rs 7000. Our commitment to the vendor was 100 glasses. As I write this article, I can proudly say that we are close to 600 donations, with a project spend of Rs 84 lakhs approximately. The emotional connect with the project and its huge impact on a visually challenged person attracted a lot of Tangent members and members of other forums. The overwhelming response is testimony to the fact that everybody who participated felt the worthiness of the project.

A casual thought by our president Smita, became a force of reckoning. April 2024, the groundwork of this project started by researching and evaluating. The first pilot project was carried out in July 2024. A small team sat down to scrutinize the modus operandi, all logistic hitches, anticipatory questions and coordination to undertake this monumental project across India. September 2024, at the Tangent agm this was declared open with

all readiness. Our under assessment of our capabilities and of our members made us commit only 100 kits to the manufacturer. Today as it is continuing, we are close to 600. Dreams can be turned into reality if purpose is backed by hard work. I thank all Tangent India members who believed in this project and carried out the project in different cities.

Past president Rajiv Mehra, and Past President Manoj Kapoor became the rock solid pillars of this project and the behind the scene guys. Had

41er Manoj, not researched, negotiated price and lay down the logistics and 41er Rajiv not got us the matching Rs 7000 grant and encouraged us and mobilized financial resources, this project would not have reached this great a height. Since this article is going for the 41 magazine, it is appropriate for me to mention other 41ers who came forward and donated magnanimously to Tangent India so that we could match the grant. A whole lot gave it as Rs 7000 for the kits to the

Mr Hunny Bhagchandani, a MIT alumni, was very kind to lend his company's support in every possible way. Organising training schedules and maintaining continuous support for all beneficiaries is a herculean task which we were apprehensive about, but the last spoke in the wheel was managed so efficiently that our ride became very smooth. He has promised us that he will give us these glasses for the same price forever. May god bless his kind of people. It is up to Tangent India and 41 India to carry on this project.

It was a great experience for me. My first responsibility in public domain and I thank President Smita to have reposed her faith in me. It is a wonderful feeling to have done this beautiful project. The inventor of these glasses,

My Appeal to the Area Chairmen, (The true pillars of the Association)

It is a rare and special honour to become an Area Chairman; indeed, it is something that only happens to most of us once in a lifetime. It is not just an honorarium; it is a temporary privilege to make a mark. As your term comes to a close, I urge you to pause and

reflect on this historic juncture. Now it is undoubtedly time for you to set an example and a standard that your peers can point to like a set of old regimental colours, and that future classes will refer to with pride.

41 In India, there are several ways to serve, and the extension work—making new members and creating new clubs—remains one of the most enduring

legacies of any leader. It is the way we ensure that the friendship, fellowship, and service we demonstrate in one city indeed grow to the next town, generation by generation.

Where We Stand Today

I’m pleased to report that our hard work has made a significant difference so far this year. According to our records:
10 new clubs have received their charters

These clubs have brought in 87 new charter members. There are also 35 new members in existing clubs. A total of 122 new members have joined the club this year.

And below are the recently chartered clubs embodying this accomplishment:

S.NoClub NameMembers Inducted

- 1 **Bilaspur** 11
- 2 **Lucknow Tigers 41er** 10
- 3 **Calcutta Evergreen** 8
- 4 **Kolkata Heritage Club** 7
- 5 **Ghaziabad Legends** 8
- 6 **Pune Urban** 8
- 7 **Hyderabad Rockerz** 7
- 8 **Madras Amigos** 10
- 9 **Madras 41er** 11
- 10 **Old Spice** 7

We should all be celebrating that progress -but we also can’tafford to let our guard down. The finish line is closer, and it’s time to kick.

What Comes Next

Delighted to report that six more are on the way and well along the development line. With the right help, especially from our Area Chairmen, they’ll see a very short time before they’re ready for charter!
Toencouragetheseclubstoproceed more rapidly, I need your help with

a simple act! Do everything in your power to see that the provisional charter chairman pays fees for these new clubs in the short time remaining. This does two things: it not only finishes off the formalities, but it’s you cheering them on and believing in them on that journey.
Even if you can’t spend time directly on extension activities,

simply paying the fees can be a game changer. By participating (even if you feel like you aren't doing a lot), you are giving power and life to movement and new clubs, inspiring them to be vibrant, dynamic parts of 41 India.

The Spirit of 41 India

What holds us together is beyond events, service, parties. 41 India is a family where true friendship, harmonious values, and selfless dedication are the life heritage of the family. We share a historical consciousness and a common hope. That shared spirit is why our movement is so

extraordinary, and why it has grown and thrived for decades.

I would also like to extend my sincere thanks to National President Pankuj Vats and the entire National Board. Their unwavering support is what has enabled our extension goals to become what they are today, and their vision is what has built up the momentum we have seen this year.

Good, Dear Area Chairmen, let's step on the gas for this last period to make our year great! Step in. Reach out. Push just a little bit more. This is your moment — a

once-in-a-lifetime opportunity. May your name stand for a man who gave back, built something long-lasting and helped grow this truly great brotherhood.

Rock on with what you're doing, and what you will do next! ■

Arnav

Outbound YAP 2025 (NORTH EUROPE – GERMANY, SWEDEN, DENMARK and FINLAND)

By Arnav Datta
Son of 41er Rohit Datta -
Pune Original Gang Club 230

Kaub, Germany

The journey began in the picturesque town of Kaub, nestled along the Rhine River. We explored historic castles and churches, experienced wine tasting, and enjoyed a thrilling downhill cart ride. The accommodation, owned by Old Tablers of Germany, offered a homely environment. It was a great start to meet co-participants and bond with our warm, story-filled hosts who made us feel like family.

PADERBORN, GERMANY

In Paderborn, we visited the University and a government building involved in finance and planning. We enjoyed the scenic

Pader

Springs, explored local cafés, and visited the Hammond Museum. A major highlight was Shutzenfest, a grand local festival honouring the city's king. Hosts **JUGEN & ERICH** were incredibly caring and treated me like family, making this stop especially memorable.

HAMBURG, GERMANY

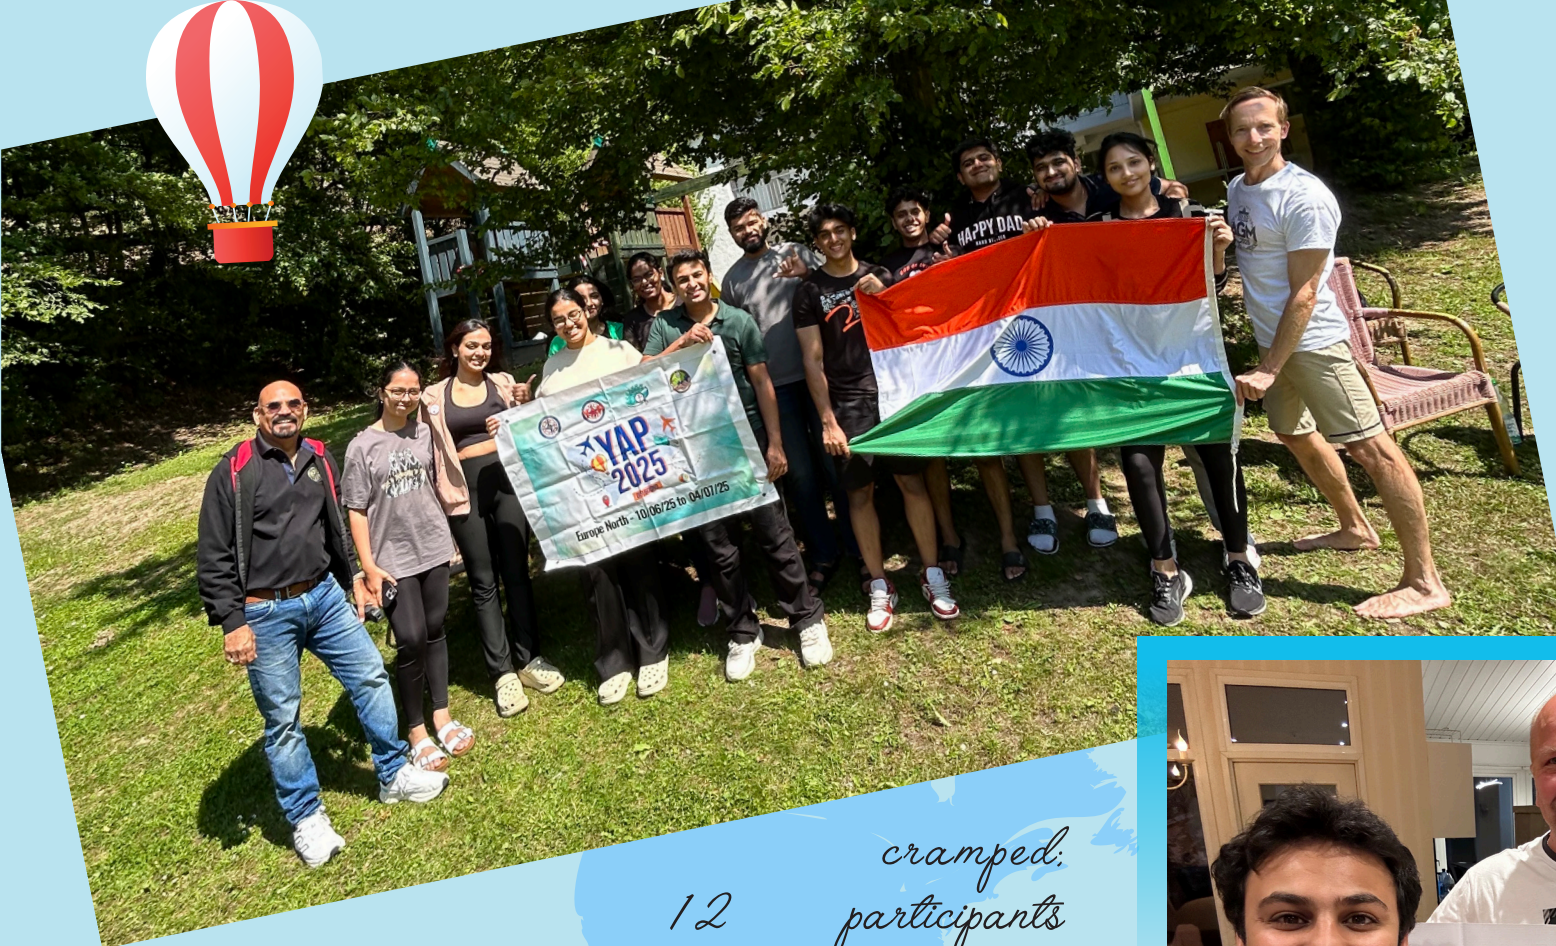

Hamburg welcomed us with insights into its cultural richness. We explored Speicherstadt (UNESCO World Heritage Site), dined on local delicacies, and toured the magnificent Elbphilharmonie concert hall. The vibrant St. Pauli district and Reeperbahn offered

a taste of the city's dynamic spirit. Host Stefan Loder and I built a lasting friendship, bonded by shared interests.

TINGLEV, DENMARK

Tinglev was all about fun and games-literally! Paintball and laser tag brought out teamwork and friendly rivalry. A daring dip in the chilly Nordic Sea was both shocking and invigorating. Feedback-Accommodation was

12 participants cramped, shared one bathroom, making it logistically difficult.

ROSKILDE, DENMARK

We visited iconic Danish spots like Tivoli Gardens and Legoland.

Feedback-Poor accommodation: 4 participants crammed into a small room without proper ventilation or beds. Hosts seemed reluctant and food arrangements ignored my dietary needs and allergies, which was disappointing.

SWEDEN

We were taken straight to a villa in the Swedish jungle, followed by lake dips, saunas, hot tubs, and ATV safaris. Camping and bonfires on a private island hosted by Fredrick were memorable.

Feedback-Stockholm city, which I was looking forward to, was not part of the itinerary.

Accommodation and food were basic, and washroom facilities were below expectations.

FINLAND

Finland was the best part of the tour. From exploring Helsinki and Porvoo to jet skiing, yacht driving on Lake Saimaa, and enjoying lakeside saunas, every moment was rich and fulfilling. My host Manu Eskola was amazing-we bonded over billiards, darts, and biking around Nokia and Tampere. The perfect mix of nature, culture, and warmth made this the highlight of the entire YAP journey.

KEY LEARNINGS AND TAKEAWAYS

The 25-day YAP journey across Germany, Denmark, Sweden, and Finland provided:

- Deep cultural immersion and respect for diversity
- Leadership, adaptability, and global citizenship
- Strengthened communication and teamwork skills
- Appreciation for European governance, civic sense, and sustainability
- Lifelong friendships and unforgettable experiences

This experience has broadened my outlook, instilled personal growth, and left me inspired. I wholeheartedly recommend YAP to future aspirants.

A Family I'd Never Met until Summer 2025

*By Hardik Choudhary

This summer, I joined seven other young ambassadors from India, Sweden, Austria, the Netherlands, and Denmark on the YAP Tour of Great Britain. We came from different countries but shared one common bond, we all grew up around Round Table, 41 Club, and Tangent. That silent legacy shaped us long before we met.

Over two incredible weeks, we explored castles, cruised rivers, played darts, watched musicals, and laughed over cream tea debates. We saw Manchester's canals, Leeds' history, Stratford's Shakespearean charm, and the grandeur of London. In Bristol, I even met a former Yapper, Alex the son of my host who toured South India last year. The circle felt complete.

But what made the trip truly unforgettable were Andy and Gail, our main hosts. They didn't just organize the tour they cared for us like their own. Andy, in his iconic mini-bus, drove us across the country with patience and a smile, always making sure we were well, safe, and ready for the next day's adventure.

This wasn't just a tour - it was living proof that Round Table and 41 Club aren't just associations, they're family. And that family spirit will stay with me, always.

My association with Round Table India began in 2002, and over the years, this journey has been nothing short of transformative. After 15 enriching years as an active tabler, I've continued my involvement as a proud Sq. Leg and 41er since 2018. What has remained constant is my commitment to strengthening the core values of Round Table & 41ers —fellowship, business transparency, and meaningful friendly connections.

Recognizing the power of digital platforms in today's interconnected world, I took the initiative to create and manage over 150 WhatsApp and Facebook groups exclusively for the Round Table fraternity. These groups are thoughtfully curated around key themes such as specific business networking, recreation, HRD, Sports, Fund and social

engagement—with the single objective of keeping members actively connected across tables, regions, and professions.

The true essence of these platforms lies in their ability to bridge distances, foster trust, and cultivate genuine friendships between members both old & new. Whether it's facilitating local hosting for visiting members, exploring collaborative business opportunities, or simply sharing a laugh over a light-hearted post—these groups function as dynamic ecosystems of support and

camaraderie.

More than just chat groups, they serve as informal yet highly effective hubs for fellowship-led networking, where transparency in business dealings and personal integrity are both encouraged and celebrated. The result? An environment where members feel valued, heard, and engaged long after their active tabling years. Groups like Medical, , Tablers in town, travel groups & Tablers traveling haven given exceptional results.

These digital communities have witnessed countless moments of collaboration—deals struck over introductions, bonds formed during travel, and fellow tablers opening their homes to host each other. They embody the spirit of “Adopt, Adapt, Improve,” allowing us to carry forward the legacy of Round Table India in a format that is relevant, accessible, and impactful. ■

Forever 40 Club 220 – A Friendship Beyond Boundaries

Forever 40 Club 220 is a shining example of how true friendship knows no geography. This unique club brings together 41ers from diverse cities—Varanasi, Patna, Chennai, Kolkata, Ahmedabad, and more—united by the bonds they forged during their Tabling days. Back then, these dynamic individuals met at AGMs, national events, and even served on the national board, creating a camaraderie that went beyond mere acquaintance. Over time,

this connection evolved into something deeper—trust, understanding, and a shared zest for fellowship. Despite living miles apart, they chose to stay connected, forming a cohesive group under the banner of Forever 40. Today, they meet regularly, blending the charm of old friendships with new experiences, proving that when hearts align, distance is just a number. Their story is a testament to the spirit of 41—fellowship, fun, and friendship that truly lasts forever! ■

Building Bright Futures

Project Report: Inspiring New Horizons at RC Middle School

Madurai's Knightsbridge 299 has once again raised the bar in community service by completing a beautiful auditorium at RC Middle School, Puliyaithammam, Sivagangai District. This transformative project, worth ₹9.5 lakhs, will

benefit over 200 eager young minds, offering them a safe, vibrant space for assemblies, cultural programs, and learning activities.

Inaugurated on 22nd July 2025 by National President 41er Pankuj Vats, Area Chairman Manoj Kumar, and Club Chairman Vishnu Parthasarathy, with 41er Dr. Patrick's pivotal support,

this milestone reflects vision, teamwork, and heartfelt commitment. Remarkably, this is the club's second gift to the school after last year's smart classroom, showcasing their unwavering passion for education and community growth. Kudos to Knightsbridge 299 for creating a space that will inspire confidence, creativity, and countless dreams! ■

Driving their Dreams

A Journey of Compassion

In a heartwarming start to the year 2025-26, Mgrt 41ers Club 198 proudly completed its first project—organizing a dedicated school bus service for the students of the Bombay Institution for Deaf & Mutes, an institution serving differently-abled children since 1885. Many of these children come from underprivileged backgrounds, and transportation has always been a major barrier to their education. By

stepping in with timely support, the club ensured that these young learners now have a safe, reliable, and dignified means to attend school.

This initiative is more than just a project—it is a reaffirmation of the values 41 India stands for: fellowship with purpose, and charity that transforms lives. Every kilometer this bus travels is a journey towards empowerment and inclusion. Kudos to Mgrt 41ers Club 198 for making education accessible and proving that small steps taken with a big heart create the brightest futures. ■

Halfway Milestone – 41 India North Tour

As we reach the halfway mark of the YAP North Tour, it brings me immense pride to share the remarkable journey we've experienced so far. The cities covered so far have been Mumbai, Baroda, Ahmedabad, Delhi, Jaipur n Udaipur. The carefully curated itinerary by our dedicated 41 India members has truly reflected the rich tapestry of our culture, traditions, vibrancy, and warm hospitality.

Each city has contributed its unique essence, enhancing the tour with meaningful engagements—be it managing early arrivals, organising yoga sessions, Bollywood dance and cooking classes, visiting the FTE school and the iconic Statue of Unity, or arranging immersive experiences at Akshardham Temple and IIM Ahmedabad. From thoughtful gifting and sports activities to serene lake boating, heritage monument visits, and dynamic events with Tablers and Circlers, every detail has been meticulously planned. Even unforeseen

challenges, such as medical emergencies, were handled with utmost care, ensuring our YAPper always felt at home.

These efforts are a true testament to the spirit of brotherhood, love, and unwavering dedication within our 41 India family. This tour continues to strengthen our bonds and foster deeper fellowship across the Tabling community.

NAGM 2025 ਅਮਰਿਤਸਰ

As the golden sun sets over the sacred city of Amritsar, the 41ers of India prepare for a celebration like no other, the much-awaited National AGM from 12th to 14th September 2025. Amritsar, the melting pot of culture, history and warmth is ready to welcome you with open arms and plates full of tandoori delights!

Amritsar, home to the serene Golden Temple and the patriotic zeal of the Attari Border, is more than just a destination... it's an experience. And this September it becomes the

beating heart of 41 India, where fellowship, food and fun unite.

The hosts have pulled out all the stops from regal hospitality to a delicious Punjabi gourmet spread and bottomless Patialas. The legendary stage, the lively sergeants, the memorable kits, and the laughter-filled evenings promise to make this AGM one

for the history books.

To be held at the luxurious Park Inn by Radisson, this year's AGM is set to blend tradition with revelry, spirituality with celebration. Whether you're bonding over breakfast, dancing under the stars, or watching the tricolor sway at Attari — every moment is stitched with camaraderie.

So, if you haven't registered yet, do it now! Amritsar is calling with dhol beats, divine blessings, and the warmest 41er welcome imaginable. Let the good times roll, Punjabi style!

डिजिटल परिवर्तन हा शिक्षणातील सक्षमीकरणाचा महत्वाचा टप्पा

तानावडे : पणजी व्हायब्रंट क्लब ३०१तर्फे १२ स्मार्टवर्ग

हळदोणे, ता. १७ (वार्ताहर): पणजी व्हायब्रंट क्लब ३०१तर्फे एक महत्त्वपूर्ण प्रकल्प हाती घेण्यात आला. या प्रकल्पांतर्गत गोवा व महाराष्ट्रातील १२ विद्यालयांत १२ स्मार्टवर्ग उभारण्यात येणार आहेत. गणेशपुरी, म्हापसा येथील श्रीगणेश विद्या मंदिरात या प्रकल्पाचे उद्घाटन खासदार सदानंद शेट तानावडे यांच्या हस्ते झाले.

तानावडे यांनी या उपक्रमाचे कौतुक करताना डिजिटल परिवर्तनाच्या माध्यमातून शिक्षण सक्षमीकरणाचा हा एक महत्वाचा टप्पा आहे, असे ते म्हणाले.

यावेळी राष्ट्रीय स्वयंसेवक संघाचे राज्य संघचालक राजेंद्र भोबे तसेच पंकज वत्स, प्रकाश कपाडिया, विजय जैन व राजेश भातकरसे आदी

महोदयाः स्मार्टवर्ग प्रकल्पाच्या उद्घाटनप्रसंगी सदानंद शेट तानावडे, सोबत राजेंद्र भोबे व अन्य.

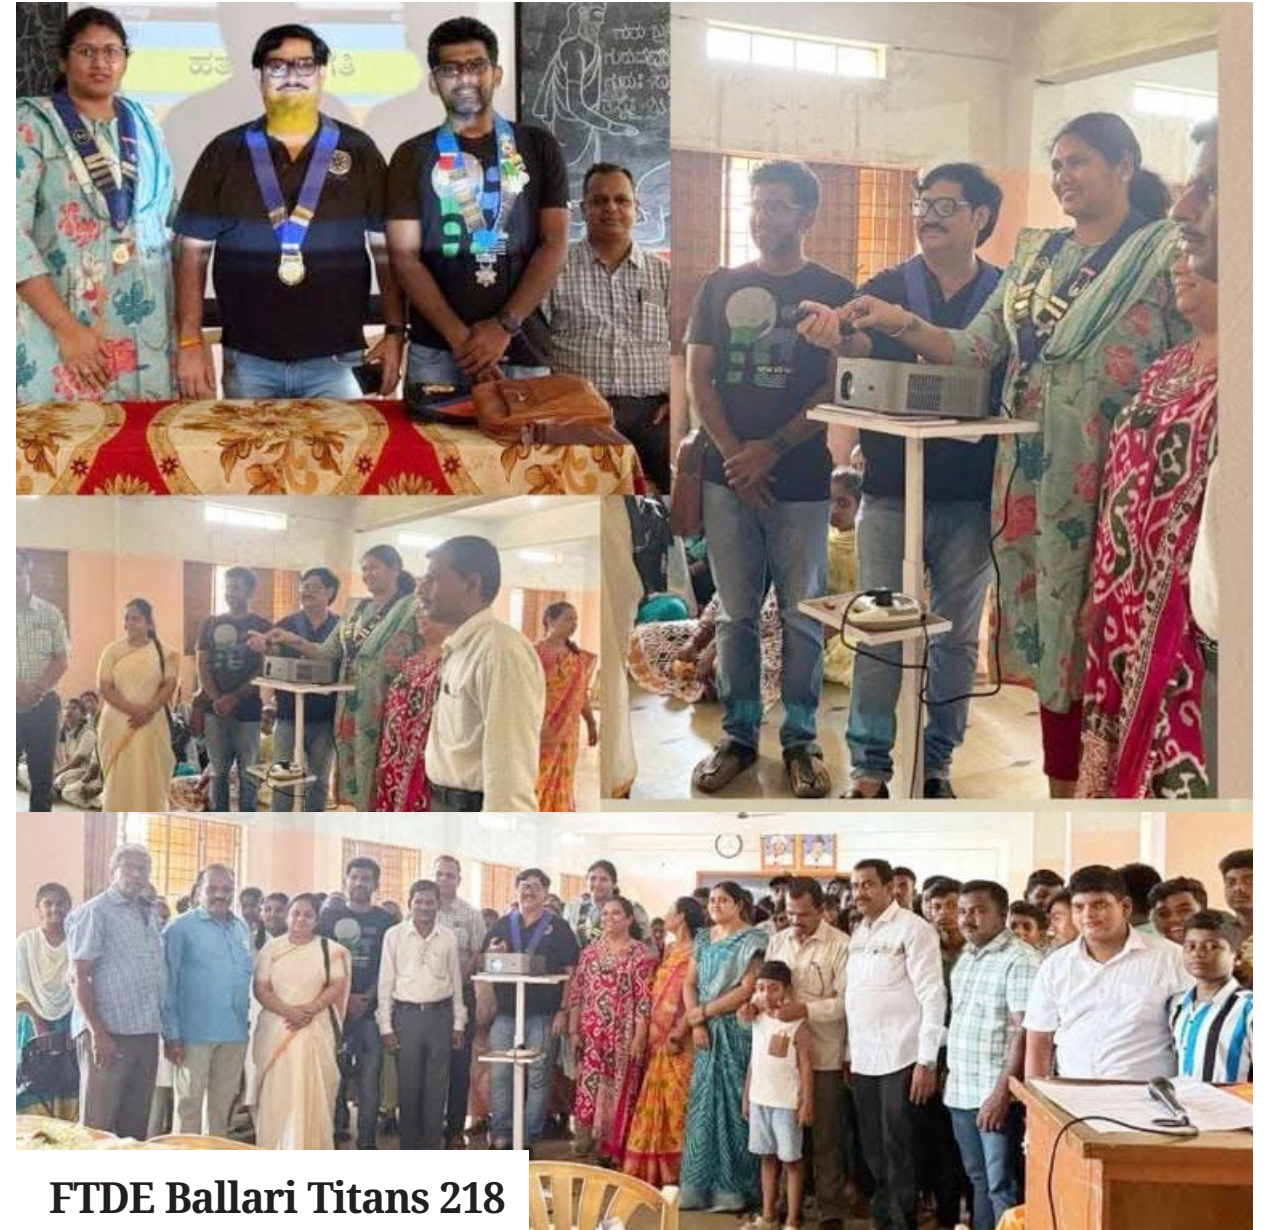

विद्यार्थ्यांमधली 'डिजिटल' दरी होईल कमी

■ तानावडे यांनी यावेळी स्मार्ट क्लासरूमची उपलब्धता, त्याचे महत्त्व आणि आधुनिक शिक्षण क्षेत्रातील त्याचे स्थान यावर सखोल माहिती दिली. हा महत्वाकांक्षी प्रकल्प गोवा आणि महाराष्ट्रातील विद्यार्थ्यांना डिजिटल

साक्षरता व कौशल्याधिष्ठित शिक्षण प्रदान करून, ग्रामीण आणि शहरी विद्यार्थ्यांमधली डिजिटल दरी कमी करण्याच्या दिशेने पणजी व्हायब्रंट क्लब ३०१ चा ठोस व उल्लेखनीय प्रयत्न असल्याचे अधोरेखित केले.

पणजी व्हायब्रंट क्लब ३०१चे सदस्य अथक परिश्रम या कार्यक्रमाच्या यशामागे होता. या सोहळ्यामध्ये पार्यवर्ती हेने 'डिजिटलायझेशन' विषयावर मनोगत व्यक्त केले. सूत्रसंचालन शिक्षिका मेधा देसाई यांनी केले. विमल नाईक यांनी शांति मंत्र म्हणून उद्घाटन सोहळ्याची सांगता केली.
